

**US Army Corps  
Of Engineers**

Norfolk District

DEPARTMENT OF THE ARMY  
Norfolk District, Corps of Engineers  
803 Front Street  
Norfolk, Virginia 23501-1096

**PUBLIC NOTICE**

**May 12, 2005**

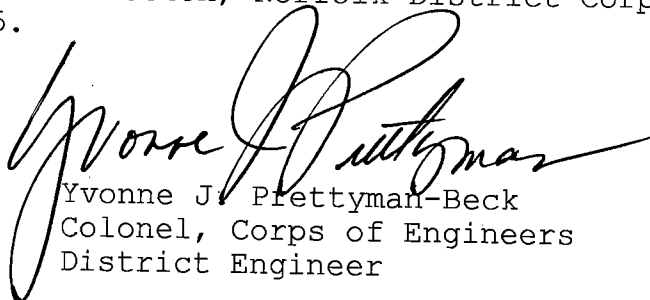

Effective October 1, 2005 the tolls for placement of dredged material into Craney Island Dredged Material Area are established as follows:

**SCHEDULE OF CRANEY ISLAND TOLL CHARGES**  
(Effective October 1, 2005)

Deposit in Rehandling Basin (Scow)	\$3.35 per cubic yard (In Place Dredged or Scow Measurement)
Direct Deposit in Placement Area	\$1.11 per cubic yard (In Place Dredged)

The law which established Craney Island requires that all expenditures be amortized over the project life as adopted into law by the 79th Congress, 2nd Session, May 6, 1946. It directed the Corps of Engineers "to assess a uniform toll charge for rehandling material at the disposal area to recover expenditures for construction, operation, and maintenance of the disposal facilities."

The toll is for use of placement facilities only, and is in addition to any charge for inspection, supervision and surveys. If you have any questions concerning this increase, please contact the Operations Support Section, Norfolk District Corps of Engineers at (757) 201-7645.

  
Yvonne J. Prettyman-Beck  
Colonel, Corps of Engineers  
District Engineer
